NOS (Terminator)	-

"-" denotes that sample is Negative.
"+" denotes that sample is Positive.

A negative result means that a named genetic element was not detected at 0.1% quantification level (grain reference) by the method used. Due to sampling errors and limitations of the methods, the results may not be absolute. Therefore, Cal-SPL makes no representation of warranty, expressed or implied, for its testing services or the results issued. Under no circumstances shall the liability of Cal-SPL exceed the amount paid for this analysis.
